Project 2 Progress - Report 2

ID	Task	M.R. URL	Assignee	Start Date	Duration	Problems	Status	Note
T1	Create account and login forms	https://gitlab.com/veronika.pontolillo/python-project2/-/commit/3efab99c1c4e1f678ada3e6ebd8842260e9e7c42	Dan	April 21th	2h	Difficulty learning how to use the login form built-in to django	100%	When logging in, it sends you back to the home directory
T2	Redoing the view for Creating and logging in to an account using the forms	https://gitlab.com/veronika.pontolillo/python-project2/-/commit/3efab99c1c4e1f678ada3e6ebd8842260e9e7c42	Dan	April 21th	2h	Difficulty with the CSS, I had to check how to load static. I also had a problem of redirection to the login page	100%	Can create an account and login in the view by changing only the block content and not the whole page
T3	Redid the entire messaging system application. Deleted html, css, and js templates for now and added two new models to the application. Started working towards a dm functionality rather than a forum chat functionality.	https://gitlab.com/veronika.pontolillo/python-project2/-/commit/ed96ffdc25f246552af93c6c9a08e2b2d68812bb	Maria	April 24th	1.5h	Difficulty making the migrations as a lot of errors involving incorrect imports came up. Also had some trouble figuring out how to utilize the built-in user model but ended up figuring it out.	100%	New and updated models for the messaging application are now visible in the /admin page.

T4	Added python script to create required groups assigned with appropriate roles	https://gitlab.com/veronika.pontolillo/python-project2/-/commit/2c0608ca26ee061596fbcbbb8f7376550dbe57fb	Johnny	April 24th	2h	Had problems figuring out how to give many permissions to one group. Did not figure out how to run the script outside the main folder	100%	Sets up all required groups.
T5	Added js and html templates for dashboard	https://gitlab.com/veronika.pontolillo/python-project2/-/commit/2c0608ca26ee061596fbcbbb8f7376550dbe57fb		April 25th	2h	Setting up the css and js with static	70%	Buttons on the dashboard do not trigger any action for now
